Step 6: Click on Agreed button

One moment, your site is starting up

Thanks for signing up! Our robots are working on your Atlassian Cloud site.
This won't take more than a minute or two. You'll be taken there once it's ready.

Wait for some time mean while bots are creating project page for your use

The screenshot shows a Windows desktop environment. In the foreground, a Snipping Tool window is open, displaying a Jira setup screen. The screen has a blue header with the Jira logo and the text 'Help us set up your Jira'. Below this, there are several sections: 'I am new to Jira', 'My team is new to agile methodologies', 'We spend our time working on', and 'We have a tight schedule to finish our work'. At the bottom, there is a 'Recommend a project' section with a 'Skip' button and a 'Next' button. In the background, a Word document is open, displaying the same Jira setup screen. The document has a blue header with the Jira logo and the text 'One moment, your site is starting up'. Below this, there is a large illustration of a person in a yellow suit standing on a large blue block, holding a rope attached to a smaller block above them. Another person in a yellow suit is standing on the ground, looking up at the block. The background is white. Below the illustration, there is a progress bar and the text 'Thanks for signing up! Our robots are working on your Atlassian Cloud site. This won't take more than a minute or two. You'll be taken there once it's ready.' At the bottom of the document, there is a section titled 'Wait for some time mean while bots are creating project page for your use' with a text cursor.

Step 7: Answer the question asked and click on Next button

Step 8: Add your project Name

Add project details

You can change these details anytime in your project settings.

Name

Try a team name, project goal, milestone...

Key 

Template

Change template

Scrum **RECOMMENDED**

Sprint toward your project goals with a board, backlog, and roadmap.

Type

Change type

Team-managed **RECOMMENDED**

Control your own working processes and practices in a self-contained space.

Back

Create project

Step 9: Sample with Project Name

Add project details

You can change these details anytime in your project settings.

Name

Bugfixing

Key 

BUG

Template

Change template

Scrum **RECOMMENDED**

Sprint toward your project goals with a board, backlog, and roadmap.

Type

Change type

Team-managed **RECOMMENDED**

Control your own working processes and practices in a self-contained space.
